From the marked approbation with which the Public honoured
Niel Gow and Sons' Editions of Strathspeys and Reels,
in adopting their **Setts as Standard,** *the Editor is induced*
to hope that the following Collection of our
Original Native Melodies
may be favorably received, and should it have, even in any degree, the effect of producing a
Conformity
in the playing of these **Beautiful Simple Airs,** *he will be amply repaid*
for his small share of trouble.
